Dear Mr. Daniels:

Please find enclosed a completed 1979 MR FORM 3, Operations and Progress Report (Exhibit A) for Uranium Resources and Development Company's (URADCO) Avalanchie 13 Mine Project. As noted in our December 5, 1979 letter, URADCO has indefinitely postponed any further mining operations and will notify you when the status changes. We have attached a letter to the Forest Service (Exhibit B), which details minor changes to our original operating plan and their corresponding approval (Exhibit C). Also enclosed is a topographic map of the surface facilities according to the latest operating plan and work already performed.

If you have any questions concerning this matter, please feel free to contact me.

Sincerely yours,
